

1000 L Gasoline Dispenser 150L/Min~250L/Min Bulk Oil Dispensing Equipment

Our Product Introduction

For more products please visit us on refueling-equipment.com

Basic Information

- Place of Origin: China
- Brand Name: Virette

Product Specification

- Product: One Product Or Two Product
- Vacuum: 0.04Mpa
- Tank: 1000L
- Medium: Lubricating Oil
- Delivery Rate: 5 ~ 90L/min; 90~150L/min; 150~250L/min
- Voltage: 220VAC
- Register Range: 0.00~999999.99 L
- Temperature: -40~55
- Highlight: gasoline dispenser 150l/min,
250l/min bulk oil dispensing equipment,
1000 l gasoline dispenser

Product Description

Efficient Fuel Dispenser for Lubricating Oil with 0.04Mpa Vacuum

Product Description:

The Fuel Dispenser is equipped with an automatic nozzle, the TD-20A, which ensures a precise and accurate fuel dispensing experience. The nozzle is designed to prevent spills and leaks, making it safe to use for both the operator and the environment. With a vacuum of 0.04Mpa, the gasoline dispenser can quickly and efficiently dispense fuel at a rate of up to 50 liters per minute, making it one of the fastest and most efficient petrol dispensing machines available in the market today.

This gasoline dispenser is suitable for use with various types of fuels, including petrol, diesel, and other lubricating oils. With its robust construction and durable materials, the Fuel Dispenser is built to withstand the rigors of daily use, ensuring that it will provide reliable service for years to come. It is easy to install and operate, making it a popular choice among fuel stations and other businesses that require a reliable and efficient fuel dispensing solution.

Overall, the Fuel Dispenser is an excellent choice for businesses that require a fast, reliable, and efficient way to dispense fuel and lubricating oil. With its automatic nozzle, robust construction, and high-speed dispensing capabilities, it is one of the best petrol dispensing machines available in the market today. Whether you are running a fuel station or operating a fleet of vehicles, the Fuel Dispenser is an essential tool that can help you streamline your operations and improve your bottom line.

Features:

Product Name: Fuel Dispenser

Warranty: 12 Months

Register Range: 0.00~999999.99 L

Temperature: -40~55

Application: Petro, Diesel Etc

Working Pressure: 0.2 MPa

Gasoline Dispensing System

Fuel dispenser

Gasoline Dispensing System

Technical Parameters:

Technical Parameters	Values
Product Warranty	12 Months
Voltage	220VAC
Medium	Lubricating Oil
Tank Capacity	1000L
Product Type	One Product Or Two Product
Application	Petro, Diesel Etc
Automatic Nozzle	TD-20A
Flow Rate	5-50L/Min Or 5-90L/Min
Structure	Single-stage Pump
Working Pressure	0.2 MPa

This technical parameter table pertains to a fuel dispenser used in a fueling station dispenser for diesel fuel and gasoline.

Applications:

The Virette Fueling Station Dispenser is suitable for use in fuel stations, petrol stations, and other fueling facilities. It is designed to work in a wide range of temperatures, from -40~55 which makes it suitable for all weather conditions. Additionally, it has a voltage of 220VAC, which is a common voltage in many parts of the world.

The Fueling Station Dispenser has a hose with a diameter of 3/4" and a length of 4M. This hose is made from high-quality materials that ensure it is durable and long-lasting. The dispenser can also handle a working pressure of 0.2 MPa, which is sufficient for most fueling applications.

The Virette Fueling Station Dispenser is designed to dispense lubricating oil, making it ideal for use in automotive repair shops, factories, and other industrial applications. It is a versatile machine that can be used in various scenarios.

In conclusion, the Virette Fueling Station Dispenser is a high-quality product that is suitable for use in different industries. It is durable, reliable, and can handle a wide range of temperatures and working pressures. Its hose, voltage, and medium make it ideal for use in gasoline dispensing systems.

Customization:

Our Gasoline Dispensing System comes with a 12-month warranty, ensuring that you get the best value for your money. The Virette Fuel Dispenser is designed to operate on 220VAC, making it easy to integrate into your existing infrastructure. With our product customization services, you can personalize your fuel dispenser with your company's logo or branding.

Packing and Shipping:

Product Packaging:

1 Fuel Dispenser

1 User Manual

1 Warranty Card

Shipping:

Ships within 2 business days of order confirmation

Standard shipping takes 5-7 business days

Expedited shipping options available at checkout

Shipping cost varies depending on destination and shipping method
